REMARKS:

- All applications listed here are only available for 2wd model unless specified otherwise in the listing.
- With an Air Suspension kit, the vehicle ride height can be lowered about 50mm – 100mm from factory (varies per application).
- The symbol "⊙" means this kit is supplied with a pair of remote adjuster cables.
- For those people who dislike the slight noise caused by the pillow ball, we also offer hardened rubber upper mount (R/U) for noise reduction and enhancement of ride comfort and handling stability.
- The price quoted is subject to fluctuations of the market. Any change in prices will be notified to Dealers and Distributors in writing format with the prior notice of thirty days.
