

ADVANCED PRO PLUS SERIES SUSPENSION SYSTEM (2-way & 3-way suspension with inverted shock insert)

[APPLICATION] - Mar. 7'25

- A/U: Aluminum Upper Mount w/out pillow ball • P/U: Aluminum Pillow Ball Upper Mount (* with camber plate) • S/U: Steel Pillow Ball Upper Mount (* with camber plate)
- S/U(#): Steel Upper Mount w/out pillow ball • OEM: Stock Upper Mount • R/U: Rubber Upper Mount • 3D: Camber + Caster upper mount

▲ : standard strut design

* For [Circuit Race](#) Type suspension, 3D Upper Mounts (camber+caster) are optional.
 * For [Gravel Rally](#) Type suspension, Rubber Upper Mounts are optional.

REMARKS:

- All applications listed here are only available for 2wd model unless specified otherwise in the listing.
- There is noise upon coilovers with pillow ball upper mounts. This is normal and will not affect coilover function or cause any safety issues.
- For Double A-Arm strut type suspension under Circuit Race / GRAVEL RALLY version, either pillow ball upper mount (without camber plate) or aluminum upper mount is available. Our customers can select what they need at their decision. The standard setup is aluminum upper mount if customers do not specify when placing an order with us. An additional costs will be incurred for choosing P/U.
- For some Gravel Rally race regulations, we also offer R/U (hardened rubber upper mount) for the MacPheron strut type suspension for customers to choose from, please let us know when placing an order with us if you are looking to change the pilow ball upper mount (P/U*) to hardended rubber upper mount (R/U). The standard setup is pillowball upper mount (P/U*) for MacPheron strut type suspension if customers do not specify when placing an order with us.
- The symbol "®" means this kit is supplied with a pair of remote adjuster cables.
- The price quoted is subject to fluctuations of the market. Any change in prices will be notified to Dealers and Distributors in writing format with the prior notice of thirty days.
